Chairpersons Forward

As newly appointed Chairperson, I would like to take this opportunity to thank former Chairperson David Fleming for his dedication and commitment to the role over the years.

On behalf of the board of management it gives me immense pleasure to welcome the publication of Fusion's Annual Report for 2023. This report portrays both the professionalism and dynamism of our organisation and staff.

The report gives a detailed account of the work completed in 2023, which includes the establishment of the Reach Out programme.
Reach Out is a family communications programme for families with a parent in Prison. Since its Launch in 2022 we have delivered this programme in Shetland Abbey, Mountjoy Prison and the Dochas Centre.

In 2023 Fusion CPL celebrated their 20th year anniversary, this anniversary highlights the continuing commitment and dedication of our excellent and professional staff, a competent and committed Board of Management, supporting funding agencies, and many others, all relating and interacting in a manner, which creates something special and unique.

I wish to record my thanks and gratitude to all those people who contributed to Fusion during 2023. Firstly, I want to thank the staff who work so willingly and enthusiastically daily in their various roles. They are at the heart of what the Project is all about and it is their energy and openness that makes Fusion such a special place and makes them our greatest resource.

Secondly, I would like to thank Liz O Donohue (who resigned as director from our board in June 2023) for her commitment and support to Fusion CPL and to welcome Pat Montague as a new director.

The report details our services in depth and considers the various initiatives undertaken.

Evelyn Leonard
Chairperson

Background of Fusion

The Ballyfermot Drug & Alcohol Task (BDATF) force in 1999 set up Fusion support Worker and the Community Prison Link Worker as separate entities as part of their response to the drug problem in the Dublin 10 region. The remit included Community Employment (CE) as a support mechanism for people coping with addiction.

We continue to offer these programmes to our service users.

Funders consisted of FAS (Current DSP), South Western Area Health Board (Current HSE) and the Department of Justice (Probation service). Following evaluations of both projects, it was agreed to merge and expand the work. In 2003, FusionCPL was established and continues to offer Rehabilitative CE placements as part of their menu of support.

Fusion is currently funded by BLDATF, DSP, HSE and The Probation Service. In addition, we receive support from St. Stephens Green Trust and Tusla to enable us to deliver our Reach Out Programme.

Mission Statement

To provide an innovative rehabilitation response that will enhance personal Training & Employment plans for people wishing to change their drug using life style.

To provide, through our Community Prison Link (CPL) a link between community and prison-based services through the development of treatment and rehabilitation.

Our Values

- Every person has the right to belong and to be respected.
- Every person has the potential and ability to change and to make a significant contribution to life.
- As people develop, creativity also develops.
- Motivation grows out of interest and participation.
- To act as an advocate for greater collaboration across different service providers.
- To ensure all people are treated holistically, respectively and fairly.

AIMS

FusionCPL, Company Limited by Guarantee is a registered charity with the aim of supporting individuals living in the community or in custody who have / had difficulties with drug & alcohol misuse or who are now stable in their recovery.

Fusion supports individuals to address the issues that are preventing them from moving forward and supports them to overcome these obstacles.

On a practical level, we help to identify appropriate training & education programmes that includes CE placements, third level education and employment. Staff will assist those who may need childcare placements to identify a suitable facility and to apply for funding regarding it. Through an integrated care plan, we help identify issues such as treatment, training, personal development, housing or overcoming debt, among many other issues that may arise for individuals.

We support individuals attending the service to manage their recovery and look after their mental, emotional and physical health by offering 1:1 key working, counselling and holistic therapies such as acupuncture, reiki, mindfulness and reflexology. Group work takes place throughout the year.

Fusion Community Prison Links (CPL) keyworker provides a link between community and prison based services. Working closely with the Probation / Prison Service providing 1:1 key working, using individual care plans to compile realistic sentence and release plans with the prisoner to ensure they have a sense of purpose post release, somewhere to go and support to manage their addictions. The overall aim of these strategies is to reduce recidivism and address any addiction issues present.

The Reach Out project - Family communications programme for families with a parent in prison. The Reach Out Project consists of 5 interlinked components. Child Interest Surveys, Child development module, enhanced communications module, mentoring and trainee workbooks.

Objectives of Fusion

- Fusion-CPL is easily accessible, and individuals have progression options.
- To provide a service based on a care-planning model as per best practice.
- Identify key issues with service users and ensure appropriate care or referral.
- To provide relevant interventions to service users and their families.
- To recruit community employment projects for training / education placements and to offer continued support to both the projects and the individuals on these placements.
- To promote and encourage access to the service within and outside the Justice system.
- Profile existing organisations locally that may be of interest to service users.
- Develop awareness strategies, give talks, hold workshops and network with a broad range of groups.
- To make appropriate referrals to other services.
- To establish excellent networks.

Goals of Fusion

- The service is accessible in the community and within the prison system.
- Appropriate models of intervention are used successfully with service users.
- Service users notice positive changes and improvements as per their care plan.
- An appropriate and fair service will result in service users satisfaction.
- Placements provided are relevant to the needs/interests of the service users.
- Greater acceptability of drug users and greater recognition and respect for their rights
- All Fusion staff continue to attend Continued Professional Development modules.

Service User Criteria

- Aged 18 or over and Live in the Dublin 10 area, Chapelizod and Palmerstown
- Be drug free or stable in their drug / alcohol use.
- Motivated to work towards goals to improve their lifestyles.
- Interested in participating in a rehabilitation programme, which may involve training, education, and employment.
- For those in prison We support service users from all areas who are interested in exploring new options, ideally link in 12 - 24 months before release date.

Our Team

Manager
Kathy Watts

Addiction Team

*Stacie Halligan	Community Prison Link Worker (CPL)
Marie Moylan	Community Project Worker

*Stacie is currently working towards her Level 9 MSc in Pluralistic Counselling and Psychotherapy and is completing the recommended hours of counselling on project.

Administration

Natalie O'Farrell	Administrator / Reception/ Accounts
Siobhan Garland	(CE Support) Receptionist

Sessional Staff

Toni Kavanagh	Counsellor
Sean Thunder	Counsellor
Kathleen Curley Clarke	Mindfulness Therapist
Karen O'Connell	Reflexologist
Joanne Finnerty	Reiki Therapist

Board of Management

Dave Fleming	Director / Chairperson
Lorraine Stewart	Director / Treasurer
Stephen Rourke	Director / Secretary
Kurt Kelly	Director
Evelyn Leonard	Director
*Liz O'Donoghue	Director
*Pat Montague	Director

*Liz O'Donoghue resigned from the board, and we would like to thank her for her dedication and service, especially all the support she gave to the Reach Out Project. We welcome new director Pat Montague, who no doubt will bring good things to the project.

We would like to thank Deirdre Doyle who is responsible for the cleaning of our premises and ensures this is done to an extremely high standard.

Referrals to Fusion

Fusion accepts referrals from all agencies, statutory and voluntary. In addition, participants may self-refer. During 2023, we received 60 new referrals into our community project, of those 39 completed their assessment and our Prison Link service received 45 referrals, with 37 completing assessments. It is not unusual to receive referrals only for the individual to change their mind and not attend any appointment, this can be an indicator that they are not ready and may refer again in the future when they are in a better position.

Key Working Support

Key work comprises of completing an Initial Assessment followed by a Comprehensive Assessment as per best practice. A Care Plan is agreed with the service user. During the year Fusion had one project worker who worked with the community clients and one Community Prison Link Worker whose role was to support participants incarcerated in prison and upon their release.

Fusion provided a service to 126 individuals (attended one or more appointments). Prison clients (62 individuals) and community clients (64 individuals). All of these received regular 1:1 meeting to offer continued support with their recovery and to assist them to explore their training, education and employment options (all service users in prison received additional written correspondence). We had 77 individuals archived during this period. Archives happen for a variety of reasons, such as completing their training, completing their care plan, commencing employment, attending further education, moving out of area, or no longer requiring support in relation to their recovery, others may be non-contactable. Please Refer to Appendix 1 attached.

There is a number of Individuals gaining / currently in employment. In addition, others took part in training & education. Our community employment training numbers continue to decrease. A small majority of our service users do not feel ready for employment or education and have decided to concentrate on their recovery / health at this time.

Individuals receive appointments dependent on their need; some individuals attend weekly, some fortnightly and some monthly appointments, others may require telephone contact. Table 1 shows a breakdown of community support worker appointments made during the year. Our Community Worker had 684 Key working appointments scheduled. 489 key working appointments were attended with 117 cancelled and 78 were non-attended appointments.

In addition to the above appointments, there were non-meeting activity support given to service users, which would include letters sent, texting and phone calls.

Prison Keyworking

Support for clients in prison continues to be a blend of video and professional prison visits. This blended way of working is beneficial to all concerned. However, it is important to note face-to-face meeting are essential to ensure trust is built up in the professional relationship. In total our prison link worker had a total of 341 appointments scheduled. 269 of those appointments were completed. In addition, we had 40 cancelled and 32 did not attend. In relation to the type of visits we had 114 professional prison visits, 77 by Video / Zoom, 32 visits in the community and 46 by telephone.

We had 21 individuals released from prison. Of those released 15 continued to link in with the Community Prison Link Worker for support including key working, holistic, counselling and / or attending groups.

During 2023 in agreement with the Probation Services we agreed to request permission from clients to enable us to track their progress for 1 year following release from prison. Discussion took place with clients and at the end of 2023 we received permission from 42

clients. There were ten clients not approached as 6 were archived before tracking started and 4 did not attend since tracking commenced.

Interagency client support

Fusion works with all statutory and community organizations to ensure the best support is available to our client group.

We continue our interagency counselling work (Ballyfermot Advance and Familibase), and funding was secured to continue offering family therapy to families affected by addiction. However, Fusion did not refer any families for this counselling throughout 2023.

As part of our inter-agency work, we are represented in many of the network groups.

Counselling Service

We currently contract our counselling services as required. This year we had 3 counsellors. In total we had 28 individuals attending counselling, there were 251 therapy sessions completed.

Holistic Therapies Reiki / Indian Head Massage and Reflexology

Both Reiki and Indian Head Massage was administered by our Reiki therapist. Individuals were given a choice of therapies. 118 Reiki sessions and 5 Indian head massages were completed. For Reflexology we had 50 sessions completed. In total we had 28 individuals attend the holistic therapies.

Mindfullness

Throughout the years our drop in mindfulness proved to be very popular. However early 2023 there was a drop in attendance, it was sadly decided after our 4th session to cancel the mindfulness as only 2 individuals attended.

Celebration Day Events

As part of our promotional / celebration work we celebrated International Women's Day and The Cherry Blossom Celebrations which took place over the month of April. In addition to celebrating these days with current service users it gives us an opportunity to open our project to the public. Women's International Day offers the women of the community an opportunity to enter our premises and see what supports we offer. Furthermore, we had health awareness information and holistic therapies available.

Equine Assisted Learning Therapy (EAL)

Horses are prey animals & are therefore very much in tune with their environment. They are herd animals & like to live in groups. They communicate with body language not words. They give immediate feedback & are always in the present moment. EAL therapy is ideal for those who may have suffered trauma and find the counselling room to painful at the present time. Following discussion with the Equine Centre we applied and received external funding to enable us to facilitate 2 groups (6 weeks per group) Service Users were carefully chosen to ensure they would get the most benefit from the programme. Due to the nature of the work, it is essential to have a maximum of 4 in each group. We had 7 individuals complete the groups.

Adventure Group

During the summer we worked in partnership with WHAD, who agreed to provide Adventure Therapy to our clients. This took place over 5 weeks, with trips to various locations such as the coast and the mountains. 5 individuals completed the group.

Female Self Care Group

To encourage self-care amongst our female clients and in response to clients feedback of supports they would appreciate, we completed the female self-care group. This group was attended by 5 participants over 2 weeks.

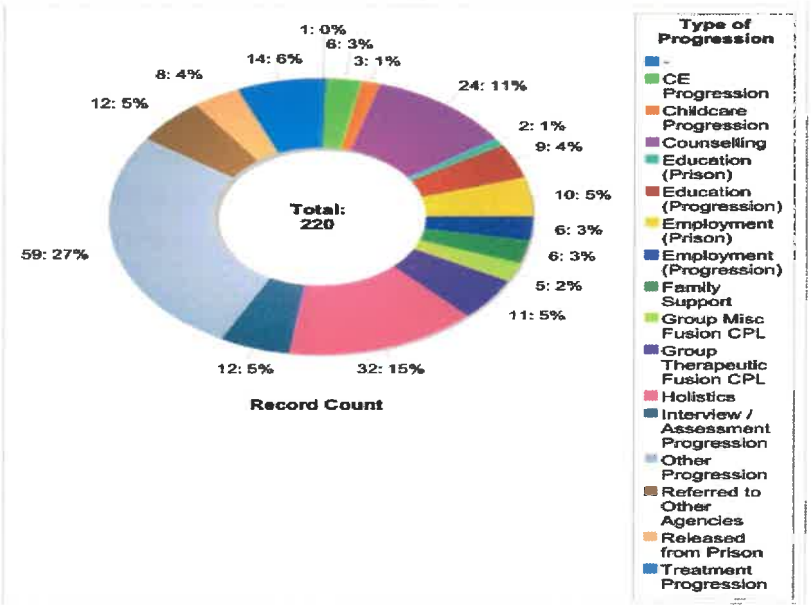
Community Employment (CE) – Rehabilitative placements

During this period, Fusion continued to link in with Community Employment (CE) projects with a view to placing our client group and to support both the individual and the supervisors during the placement. To fill these places, Community Employment projects must agree to convert their mainstream place in to a DTF place. This current arrangement can make it extremely difficult to gain additional DTF places in the community. The decline in commencing that we started to experience in 2022 continued throughout 2023. In total we had 9 participants take part in CE throughout the year.

Individual Progressions

In addition to managing their recovery, attending key working, counselling, holistic therapies, group work and attending employment / community employment, individuals achieve external progressions such as treatment, accessing funding support for childcare (crèche), further education, attending interviews, family support, referrals to further agencies and release from prison. Please refer to Appendix 2 for A full breakdown of progressions.

Table 4: Individual external progressions.



Gym & Swim Vouchers

Fusion encourages all service users to attend the Ballyfermot Sports & Leisure Centre to promote healthy lifestyle / self-care. Feedback was very positive with individuals stating that attending had a very beneficial impact on their wellbeing. In addition, some of the service users brought family members (Partners / children) along. We had 30 individuals attend, with a total of 433 passes given to them.

Reach Out Programme

The Reach Out Committee continues to work towards having the programme available in all prisons and developing a pathway towards government funding and the national roll-out of the programme. During 2023 we successfully received funding to enable us complete 3 programmes in 3 prisons.

Shelton Abbey – both prison staff and community workers attended Mentor training. In total 4 staff completed this training with 8 mentees (Prisoners) and their families completing the 10 week module.

As children are a big part of the Reach Out programme it is important to acknowledge the affects visiting loved ones in prison can have on children. Fusion has partnered with Tusla (SEED) Funding to enable us to apply for funding to purchase child friendly equipment. It is our ambition to see prisons match fund the funding we receive. This has enabled us to purchase new toys, books and games for Shelton Abbey. This initiative is one of the recommendations from prisoners and their families to improve family visits.

Staff Continued Professional Development

To ensure staff continue to adhere to best practice we encourage and supports all staff members to complete additional training. Below is a breakdown of all core staff training completed during 2023:

Manager

Course Title	Course Provider
Trauma Informed Care Champions Training	HSE / Quality Matters
Risk Management	The Wheel
Communicating effectively through open disclosure (cert valid for 3 years)	HSE Land
Cyber Security awareness module	HSE Land
Hidden Harm: The impact of parental alcohol and other drug use	HSE Land
Display Screen Equipment Awareness	HSE Land
Hidden Harm work shop	BFDATF
Penal Policy Reform: Putting community at the head of the Criminal justice System conference (fusion was show cased at event)	Irish Criminal Justice agency (Probation services)
Hidden Harm Conference	Familibase
Rutland Centre open day	Rutland Centre
Childrens First Training	HSE Land

Administrator

Course Title	Course Provider
Navigating Cybersecurity and Compliance	The wheel
Communicating effectively through open disclosure	HSE Land
Compliance - Cyber Security Awareness	HSE Land

Trauma Informed Practice Under Pressure	Enclude
Recognising and Responding to the Impacts of Domestic Abuse on Women and Children Pt.2	Women's Aid
Mindfulness based approaches for professional practice	HSE National Addiction Training Programme (NATP)

Fusion Project Development

- Fusion is thriving to ensure it practices trauma informed care. This process involved a review of all aspects of the organisation using a trauma informed lens.
- We ensure our service is available between 8am – 6pm to facilitate service users who are in employment.
- As part of our interageny work our CPL worker with the support of the communit worker faciliated 2 groups in the Mountjoy Campus for Mental Health Week
- Annual Pre-Release Group in .Mountjoy Progression Unit, The Dochas Centre and Wheatfield prison were attended by CPL worker.
- Shelton Abbey Open Day Celebration attended by CPL worker
- Family support sessions were facilitated for family members of clients who are in prison.
- Premises were decorated and Staff Team building Day took place.
- Our website and social media sites gave us a fantastic way of reaching out to all service users and the community, it enabled us to support them with their recovery.
- We seek regular feedback / evaluations from service users, this is done through the Survey Monkey Website. All individuals who received support from the service and referrers who referred into our service received a request to complete this survey. In addition, we held a group meeting at Halloween where individuals attended the project to give feedback.
- Fusion is committed to future research and development. We participate in the Health Research Board (HRB) by ensuring we submit all relevant statistical information as required.
- Governance – Policies are regularly reviewed and updated throughout the year. Emphasis is placed on ensuring we remain GDPR and Childrens First compliant.
- Fusion was successful in receiving additional funding during 2023; this assisted us to host celebration days.
- New Project Worker vacancy – this position will be advertised in 2024. The goals are to have this position in place before the first half of 2024. Recruitment brought many challenges in 2023. However, we remain optimistic that we will find the right person for this position.
- Fusion continues to adhere to the Charities Regulator rules and regulations.
- All Fusion funding is fully audited by independent auditors.
- We are excited to announce The Reach Out programme will continue into 2024.

Funding

The Ballyfermot Drug & Alcohol Task Force supports Fusion. Funding comes through HSE, DSP and the probation services. In addition, we received funding through local sources to enable us to continue to provide our holistic therapies and groups.

In relation to Reach Out, to date our funders are St. Stephens Green Trust (SSGT), The Probation Services, BDATF / HSE, and Tusla (SEED Funding). Funding we received from Tusla enabled us to provide new toys, equipment and books to the prison visiting centres.
